SUMMARY OF SKILLS AND QUALIFICATIONS

Programming Languages	Python • JavaScript • Typescript • SQL • Java • C++ • HTML • CSS
Libraries & Frameworks	Flask • Unittest • React • Next.js • Node.js • Tailwind CSS • Android SDK • Matplotlib
Tools & Platforms	Git • Github • Docker • Figma,
Languages	English • French
Licenses & Certifications	AlgoExpert Certificate • Udemey Data Science and Machine Learning course • Udemey Rest APIs with Flask and Python • Excel Training Program

EDUCATION

Bachelor of Engineering – Computer Engineering Concordia University	2021 – 2026 (Expected) Montreal, QC
--	--

EXPERIENCE

Software Developer Intern XPENS.AI	September 2024 – May 2025 Montréal, QC
---------------------------------------	---

- Python and React developer
- Experience
- experience

Core Competencies: Flask dev, React dev, Agile Methodology, MongoDB

Falafel Yoni, Montreal, Quebec

- Led a team of 3, ensuring tasks met expected standards
- Managed daily stock orders and cash register operations

Core Competencies: Leadership, Teamwork, Customer Service,

PROJECTS

Portfolio Website (Personal)	2024
------------------------------	------

- Designed a deployed my own personal portfolio website, showing a range of projects and technical skills
- Leveraged AWS S3 for efficient hosting
- Used bootstrap for responsive design, achieving optimal viewing across various devices and screen sizes

Core Competencies: Frontend development, Cloud Deployment, Responsive Design

Sustainable City Carpooling Platform (Team Project)	2024
---	------

- Developed a carpooling web app for “PolyHacks 2024” focusing on sustainable urban mobility
- Led the database design using MongoDB to manage user info and logins
- Created carpooling matching algorithms with Javascript for optimal user connections
- Implemented secure user authentication with Auth0 for a seamless login experience

- Worked in a team of three, showcasing teamwork and problem-solving skills

Core Competencies: Full-stack dev, MongoDB Atlas, Node/Express.js , Auth0, Team Collaboration

Real Estate website (Academic)

2023

- Developed an interactive web platform that supported essential real estate activities and functionalities
- Developed server-side logic to implement functionalities such as property listings, search and filter functions
- Implemented Agile development methodologies collaboratively within a team of five
- Built a MySQL database to managing listings, user data, offers, and requests

Core Competencies: Full-stack Dev, MySQL, AWS RDS, Node/Express.js

Experience

Software Developer Intern

XPENS.AI, Montréal, QC September 2024 – May 2025

- Python and React developer
- Experience
- experience

Service Staff, Shift Lead

Falafel Yoni, Montréal, QC April 2022 – August 2024

- Led a team of 3, ensuring tasks met expected standards
- Managed daily stock orders and cash register operations
- experience

Projects

Sustainable City Carpooling Platform (Team Project) 2024

- Developed a carpooling web app for PolyHacks 2024, integrating MongoDB Atlas for database management, Auth0 for secure authentication, and JavaScript algorithms for optimal ride matching.
- Collaborated in a team of three, demonstrating teamwork and problem-solving while focusing on sustainable urban mobility

Portfolio Website (Personal) 2024

- Designed and deployed a personal portfolio website, showcasing projects and technical skills with a responsive Bootstrap layout.
- Utilized AWS S3 for efficient hosting, ensuring optimal performance across devices.

Real Estate website (Academic) 2023

- Developed an interactive real estate web platform, implementing server-side logic for property listings, search, and filter functions.
- Designed and managed a MySQL database, collaborating in a team of five using Agile development methodologies.

Skills

Programming Languages

Python, JavaScript, Typescript, SQL, Java, C++, HTML, CSS

Libraries & Frameworks

Flask, Unittest, React, Next.js, Node.js, Tailwind CSS, Android SDK, Matplotlib

Tools & Platforms

Git, Github, Docker, Figma

Languages

English, French

Licenses & Certifications

AlgoExpert

Data structure & Algorithms Certificate

Udemy

Data Science and Machine Learning, Rest APIs with Flask and Python,

Education

Bachelor of Engineering - Computer Engineering

Concordia University, Montréal, QC (2021- 2026)

Interests

AI, Photography, Martial Arts
